Fold 2

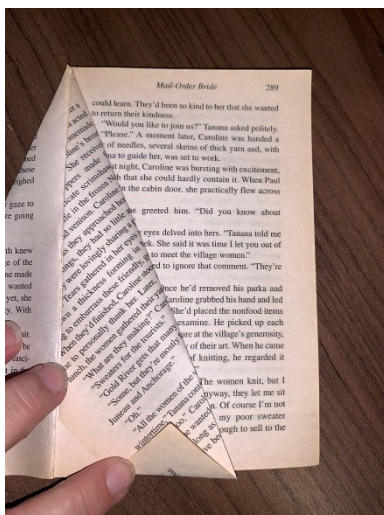

Fold the last fold to the center of the book.

Fold 1

Fold 2

Fold 3

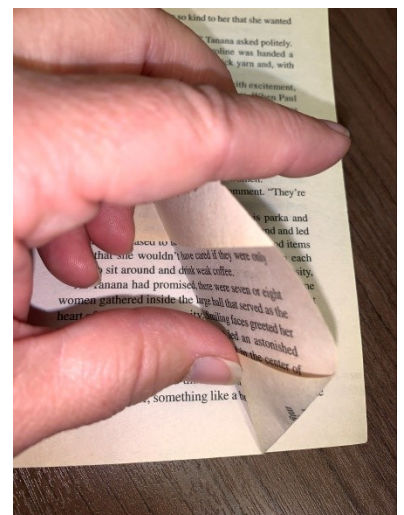

Fold whatever part of the page that is hanging over the edge of the book up so that the fold is even with the book.

Fold 3

Fold 4

Partially open **Fold 2**, reverse **Fold 3**, and tuck it into the folded page.

Fold 4

Step 2

After all the pages of the book are folded, the Christmas tree should look like this. There is no need to glue the book spine. The folds of the pages hold the book in a cone shape and it should stand on its own.

Step 3

Secure the twist tie that holds the mini bow together by wrapping the two ends together, then insert the twist tie into the small hole at the top of the folded book Christmas tree.

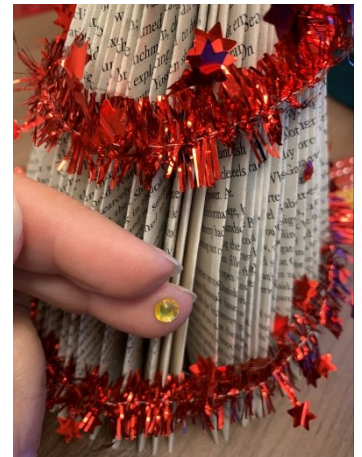

Step 4

Glue one end of the garland to the back of the mini bow at the top. Wrap the garland around the folded book Christmas tree, gluing the garland when needed.

Step 5

Decorate the folded book Christmas tree with the gemstone stickers.
